#### GSB MBA Future Leaders Program

Participant  
Palo Alto, CA

- Three-day residential program that introduces MBA education and post-MBA opportunities
- Participated in classes, various leadership and innovation activities from Stanford GSB and D.school

## LEADERSHIP

### CATALYST

March 2016 - Present

Founder, Co-President

Catalyst is Duke's first social / pre-professional organization for tech enthusiasts. As president, I oversaw the logistics of the organization, organized events, and promoted membership, growing from 3 members to 60 members in 10 months.

## SKILLS

- Java, Javascript, Node.js, Heroku
- HTML, CSS
- Sketch.app, Adobe Illustrator
- Adobe Photoshop, Adobe InDesign

## PROJECTS

### CAPITAL2GO

January 2017

#### Project Manager, Front-end Engineer

An Android app that allows withdrawal by scanning a QR code generated by the application. Built UI with **Java** and **XML**, prototyped with **Sketch.app**.

### CATALYSTATDUKE.CO

January 2017

#### Developer, Designer

Website built to highlight Catalyst, Duke's first social and pre-professional organization for those interested in Technology. Built using **HTML**, **CSS**, and **Javascript** and prototyped **Sketch.app**.

### TÜNDER

October 2016

#### Project Manager, Full-Stack Engineer

A web application that suggests newly released tracks depending on the track the user "likes." Built UI with **HTML**, **CSS**, and **Javascript**, built server with **Node.js**, and prototyped using **Sketch.app**. Managed team of four and assigned different tasks to teammates.

### SHORTART

March 2016

#### Developer

A Chrome Extension that summarizes an article in 5 sentences using Aylien Text Analysis API. Built with **Javascript** for back-end, and **HTML** and **CSS** for front-end.

### HACKDUKE

April 2015 - Present

Operations Co-lead, IDEATE Director

HackDuke is an organization aimed to enrich the resources and opportunities in technology. As an operations co-lead at HackDuke, I managed the logistics our annual Fall Hackathon. During Spring, I direct IDEATE, Duke's annual design conference.
